We can adjust things as needed in the schedule. Brice will actually end up meeting with us on Monday.

So, will it work for us to all meet at the EPA office on Monday at 10am?

I reattached the interview questions here in case you want to see any changes. I am in for another few hours today if you want to give me a call and chat about anything.

Thanks

Hi guys. Here's the latest schedule I have for next week's interviews. I have a few people I'm still confirming with, so this is subject to change, but this is it so far. I'm trying to reserve a small meeting room at the Valdez-Perry Library, but that's not certain yet. Nothing like doing things at the last minute! Anyway, I will send you updates to this as I get them. Shall we meet on Monday morning at EPA to prepare a bit?
